Camp Fun Spot Summer Camp FAQ's

Q: What are your hours?

A: We open at 7:00am and close at 5:45pm M-F. Camp activities typically begin around 9:00am.

Q: Do I need to pack a lunch every day?

A: No, parents only need to pack their child/children lunch on Tuesdays & Thursdays which are field trip days. No nut products.

Q: How will I know what is being served for lunch?

A: A few weeks before summer camp begins, we provide each child with a CFS t-shirt, water bottle, and lunch and snack menu for the entire summer. These will be ready for pickup starting June 7th M-F 9:30am-5:45pm only.

Q: What time should I drop my child/children off on field trip days?

A: Between 8:30am & 8:45am. If we need you to drop off earlier, we will leave out a note to take home and write it on our camp white board located by the sign in & out computer as well.

Q: Where and how do I sign my child in & out every day?

A: Our laptop is typically either located outside at the picnic tables under our pavilion, or inside on the glass counter next to the skate counter. Codes will be made with the camp director or another staff member- most often when parents pick up the t-shirt, water bottle, and menu a few weeks before camp begins.

Q: Am I required to pack sunscreen?

A: Yes, every day. Please label it and explain to your child the importance of putting it back in their backpack when they are done applying it.

Q: Where does drop off & pick up take place?

A: Unless raining, campers are outside under or near our pavilion from 7:00am until 8:15am. Our pavilion is located near our back parking lot. You will sign your child in using the laptop at the end of the picnic tables. Right around 8:15am campers head inside for Roller Skating, Playground, and Ninja Course, followed by morning snack. If it is past 8:15am, please drop your camper(s) off inside using the front doors, and sign in using the laptop on the glass counter.

Q: Can I bring peanut butter or peanut products?

A: No. We are completely peanut and tree nut free. Please do not bring any products containing peanut butter, almond butter, cashew butter, etc. Two great alternatives are Sunflower Butter and Wow Butter. We have children in our program that are anaphylactic so it is very important that we avoid all nut products. Thank you for keeping everyone safe!

Camp Fun Spot Summer Camp FAQ's

Q: What do the campers do all day?

A: Our campers are busy! They take part in arts and crafts, active play, tag games, water play, science experiments, and much more! Each week has a different theme with activities related to that theme. They also get to use our Roller Skating, Playground, Ninja Course, Laser Tag, Mini-Golf, and if tall enough, our Go-Karts! We also go on two field trips a week! The field trip schedule can be found in this packet.

Q: Do I have to sign up for the whole summer?

A: No, you select the weeks you want your child/children to attend! Simply place a check mark next to the weeks you need at the end of this packet. Parents are required to pay the \$25 deposit per week per child to hold their spot.

Q: Do you offer care for only part of the week?

A: No, not for our summer camp- we are Monday through Friday. You are welcome to only send your child part of the week rather than M-F, but you will pay the weekly rate regardless.

Q: Once I turn in my packet, am I all set?

A: Until the weekly deposits are paid, your spot is not held. Once we receive the completed packet and deposits, your child/children have a spot held for them. In addition, we will also need a NYS Blue Card filled out, which is an emergency contact card that can be picked up at Camp Fun Spot. We will also need your child's most recent physical and shot records.

Q: What does it mean when there are two field trips listed on the same day?

A: When there is a field trip booked for further than 40 minutes away, half of our campers go on Tuesday, and the other half go on Thursday. The campers that stay back, have a field trip come to us on site. Parents will receive notice of which day their child is traveling at least one day in advance.

****Please note:** When we visit the Great Escape, if your child brings their Season Pass, you will receive a \$15 Fun Spot Gift Card!

Q: If my child is absent, am I still required to pay?

A: Yes. You pay for the weeks you sign up for unless you notify us 2 weeks prior to the start of that week that your child will not be attending. Please keep in mind the \$25 deposits are non-refundable.

EMERGENCY PREPAREDNESS PLAN:

EVACUATION PROCESS

In situations that call for a full evacuation for the center, the acting Administrator will make contact with each employee and inform them of the type of emergency.

CODE RED Is for Center Lockdown and Shelter in Place

CODE GREEN is for an Evacuation

CODE BLUE is for a Lost Child

In instances where the fire alarm begins to sound, all staff are to begin the evacuation process immediately. At this time all employees are to immediately report to their designated area or classroom and begin evacuating the children. Once in the designated meeting area the Administrator will relay any pertinent information directly to the staff. If the fire alarm sounds and evacuation is not necessary, such as in instances of system checks, the Administrator will make contact with all staff prior to the scheduled test.

However, if an employee notices any emergency situation that requires an evacuation that individual is responsible for pulling the fire alarm to initiate the evacuation.

Each room will have a posted copy of that room's evacuation route blueprint. In cases requiring evacuations staff should follow the route outlined on their room's blueprint unless directed otherwise or if circumstances inhibit evacuating via that route.

The center will evacuate as follows:

Toddlers: All teachers in the room are responsible for gathering their children and leading them out of the room. When evacuations are initiated, the teachers must direct the children to exit the building using the emergency exit in their classroom. They will proceed to the furthest corner of the parking lot. If the situation inhibits the classroom from using this exit, teachers should utilize the door located in their room, go down the hallway and out the arcade doors. Teachers should ensure they take their binder, emergency first aid kit and radio with them. Once outside of the building, the teacher will verify that each child is present and accounted for.

Ages 3 and Pre-K: All teachers in the room are responsible for gathering their children and leading them out of the room. When evacuations are initiated, the teachers must direct the children to exit the building using the emergency exit in their classroom. They will proceed to the furthest corner of the parking lot. If the situation inhibits the classroom from using this exit, teachers should utilize the door located in their room, go down the hallway and out the arcade doors. Teachers should ensure they take their binder, emergency first aid kit and radio with them. Once outside of the building, the teacher will verify that each child is present and accounted for.

School Age: When evacuations are initiated, the teachers must gather all their children and exit the building using the closest emergency exit to where they are located. They will proceed to the furthest corner of the parking lot. Teachers should ensure they take their binder, emergency first aid kit and radio with them. Once outside of the building, the teacher will verify that each child is present and accounted for.

Staff: All other staff present should immediately go to the Daycare rooms or After School Care area to assist the teachers in evacuating the children.

Administrator: Once an evacuation has commenced the administrator will immediately contact all staff and inform them of the type of emergency. However, if the fire alarms should go off, all staff should proceed according to the evacuation plan. The administrator is responsible for taking a phone, the Emergency First Aid Kit and the laptop so they have all the children's contact information and information on which children are signed into the building. Once at the designated meeting point each teacher must check their head count against sign in information to ensure all children are accounted for. The administrator will then check each class' sign in information from the office tablet and compare it to headcount outside.

In emergencies involving a fire in the building the administrator will be responsible for notifying 911 of the emergency once the building has been completely evacuated. In other emergencies not involving the presence of a fire, the administrator will notify the appropriate emergency response agencies of the emergency as soon as the building has been completely evacuated.

If called for, the administrator will utilize the information contained in the laptop to contact each child's parent/guardian regarding the emergency if pick up is necessary, detailing the pick-up location.

Each teacher is responsible for checking bathrooms, closets, and other areas where children may be hiding. It is also their responsibility to know their classes' head count at all times to ensure all children are accounted for in the event of an emergency.

Under no circumstances are the staff to stop for any of their own or children's personal belongings, including jackets, shoes, purses, etc.

DESIGNATED MEETING AREAS

When exiting the building, the designated meeting area for all classes is the furthest corner of the back parking lot.

FIRE DRILLS

Fire drills will be conducted monthly at various times of the day. Staff will be notified that a drill will occur at some point during the week. However, an exact date or time will not be specified.

At the time of the fire drill, the Administrator will sound the drill alarm and the center will be evacuated according to the above evacuation process.

The administrator will be responsible for timing the fire drill, in terms of how long it took to vacate the building. The completed fire drill will be documented on a log, specifying the date, time, and length of the drill once all children and staff have re-entered the building.

Once all children and staff have reached the designated meeting area, teachers must ensure all of their children are present and accounted for.

After all children and staff are accounted for, the Administrator will give the approval to reenter the building. At this point all staff will aid the children in returning to the building and back to their respective classrooms.

All Teachers are responsible for familiarizing the children in their classrooms about the fire drill. Teachers must talk to the children in their classroom about the alarm, rules, and procedures for evacuation.

EVACUATION FROM CENTER PREMISES

In cases where it is no longer safe to remain on the center's premises, the administrator will initiate a center-wide evacuation by calling a code green over the radio. Code Green is for center evacuation. The staff and children will move as a group, from the designated meeting spot to the brewery located next to the center. The center and the brewery have agreed that in emergency situations where the centers' premises are no longer safe, the staff and children may seek refuge inside the brewery until the children are able to be picked up by parents/guardians or it is safe to return to the center.

CENTER LOCKDOWN / SHELTER IN PLACE PROCEDURES

In the event of a natural or man-made disaster or in situations where the safety of the staff and children is in question, the staff will use the following procedures to ensure the safety of all staff and children,

The administrator will initiate a center-wide lockdown, or indicate the need to shelter in place by calling a code red over the radio. Code Red is for center lockdown and shelter in place. Immediately after being notified of a center-wide lockdown or a shelter in place all staff should begin following the appropriate procedures.

In all emergency situations, the owner and administrator shall be notified and are responsible for making the decision to shelter in place. In situation where the safety of the staff and children is in question, the administrator will begin the lockdown procedure and immediately notify the owner of the situation once the center is secured.

LOCKDOWN PROCEDURE

When the lockdown procedure is initiated, all staff should immediately close and lock any open windows and pull down any open blinds. Doors located inside the classroom that lead to the outside should be closed and locked. Doors that are located inside the classroom that lead to the center should also be closed. Immediately after the room has been secured the teacher in the classroom will ensure that each child in their care is present and accounted for. All staff are directed to keep to keep themselves and the children away from the windows and doors until the lockdown has been lifted.

In the Pre-K classroom, the children are to sit by the wall between the exit door and the bathroom. In the toddler room, the children should along the wall between the bathroom and the corner behind the changing table. In the Pre-school classroom (3's), the children should sit along the closet doors in the corner. For school age children, they should go into the Camp Fun Spot room in the snack bar into the back section. The movable wall should be closed and both the purple and blue door should be locked.

If children are outside when a lockdown is initiated, staff will immediately take the children inside to their designated classroom. The teacher will then commence the lockdown procedure above to secure their classroom and then ensure that each child in their care is accounted for.

When a lockdown is commenced, the administrator will ensure the front entrance is locked and secured as well as the back door leading into the arcade. The administrator will then go to each classroom to check on the welfare of each teacher and child and ensure that each room is properly secured. If the situation prohibits the administrator from immediately checking on each classroom, the administrator will report to the office after securing the exits and check on each classroom as soon as possible.

SHELTER IN PLACE PROCEDURE

When staff are notified of the need to shelter in place, the staff will ensure that all windows are closed and locked and pull down any open blinds. Doors located inside the classroom that lead into the hallway should be closed. Immediately after the room is secure, the teacher in the classroom will ensure that each child in their care is present and accounted for

When the center has initiated the shelter in place procedure the administrator will attempt to determine the extent of time the shelter in place will remain in effect. The administrator will make contact with the parent/guardian of each child present at the center and notify them that a shelter in place procedure has been implemented and inform them of the anticipated time in which it will be lifted. The owner and administrator shall be the primary individuals responsible for making the decision to shelter in place.

Preparations will be made in advance to ensure that enough food, water and equipment is available to sustain all children and staff for a minimum of 24 hours. In the instance that overnight stays are required, the center will accommodate all staff and children to stay overnight safely. Children will sleep on their assigned nap mats or cots with their sheets and blankets. Staff may utilize spare mats, cots and blankets.

An emergency supply of clean drinking water shall be stored in the vending machine. This drinking water should not be used to clean or wash anything as it is to be used as the sole source of fresh drinking water. Canned fruits and vegetables can be used without the need to be cooked first. However, prior to being eaten from, all cans must be wiped clean using a damp cloth. After being cleaned, an adult shall open any cans of

food and aid children in eating from the can if clean dishes are unavailable. All other emergency food items can be eaten from the packaging. If a microwave is available, hot foods can be prepared in there. The center will ensure that a manual can opener is on the premises.

ACCOMMODATING CHILDREN WITH SPECIAL NEEDS

In all emergency situations the staff needs to be aware of the individual needs of all children in their care. Special accommodations shall be made and followed to ensure the safety of students with special needs during emergency situations.

CHILDREN WITH PHYSICAL LIMITATIONS

Staff shall be responsible for the children in their care during all emergency situations, including children with physical limitations. During emergency situations where all children and staff are required to leave the building and/or premises, special care shall be taken to ensure the safe transport of any child with physical limitations that may hinder their ability to exit the building or premises. Staff shall assist any ambulatory child/children out of the building using the necessary means of physical support. For any child/children who are non-ambulatory, staff will ensure that the child/children are transported out of the center and off the premises using the appropriate equipment. For any child that is wheelchair bound, staff will assist the child out of the center and off the premises if necessary. For any child/children who are non-ambulatory and do not have access to a wheelchair, staff will utilize any moveable equipment available (chairs, strollers etc) to evacuate the child/children from the center and premises.

CHILDREN WITH COGNITIVE LIMITATIONS

Staff shall be responsible for the children in their care during all emergency situations, including children with cognitive limitations. Special care shall be taken to ensure that any and all children with cognitive limitations are evacuated from the building/premises safely. Staff shall take into consideration the emotional needs of any child, including children with cognitive limitations. Staff shall ensure that all children are comforted during stressful situations, including emergency situations. Staff shall ensure they remain in close proximity to any child with cognitive limitations that may cause the child to leave the group or potentially go to an unsafe area.

CHRONIC ILLNESS

Staff shall ensure that all children who are chronically ill remain with their assigned staff member during emergency situations. Staff shall take the necessary precautions to ensure any chronically ill child is safely guided/transported out of the building/off the premises during emergency situations. Staff shall also ensure that any and all necessary medical equipment/medication is taken with the child when leaving the building/premises during an emergency.

LOST CHILD PROCEDURES

If a child is not accounted for at any time, the staff member responsible for the child should immediately begin searching the premises for the child. Also, the administrator should be immediately notified that a child is missing. Each area that the child could potentially hide inside and outside of the center should be searched. The administrator should double check that the child was not picked up by a parent/guardian.

The administrator will notify all staff to begin a Lockdown Procedure by calling a Code Blue. All exits will be monitored by staff letting no one in or out of the facility.

The staff member responsible for the child will call 911 since he/she will have the best knowledge of what the child was wearing that day along with distinctive features. The following information should be written down:

- Child's name, age, height, weight, date of birth, and hair color
- Child's clothing that he/she was wearing that day and any other distinguishing features
- The time at which the child was noticed missing
- If child abduction is suspected, note if there were any suspicious vehicles or persons located around the child care facility

The administrator will notify the parents/guardians of the child that the child is missing from the facility.

While the police are in route to the facility, the staff of the center will continue to search for the missing child looking in every cabinet, closet, cubby and every other location where the child may be.

The administrator will stay on the center premises at all times to be the contact person for the police department and the parents/guardians.

The police should be asked to activate Amber Alert by the facility administrator.

Things to bring to camp daily:

3. Sunscreen
4. Towel
5. Bathing Suit

****This is an example of a MWF schedule just to give parents a rough idea of how a typical day goes. Tuesdays and Thursdays are field trip days so most often the majority of the day is the trip. Each week of summer has a set theme and the activities relate to that theme! Some past theme examples are: Animal Week, Carnival Week, Disney Week, etc.**

- Active games include but are not limited to: Kickball, Wiffle Ball, Pot of Gold, SPUD, Flag Football, Scavenger Hunts, Wide array of Tag Games, Relay Races, etc.
- Water Play includes sprinklers, water balloons, water toys, slip and slide, bubble machine, and we rent a large inflatable water slide two times throughout the summer!
- Skating Playground and Ninja (rotating) are used every morning and end of day.
 - Mini Golf and Laser Tag about once a week.
 - Go-Karts every Friday morning if tall enough.
 - On extra hot days or if our campers are tired after a long field trip we watch a movie indoors.
