CFS Summer Camp FAQ's

Q: Once I turn in my packet, am I all set?

A: Once we receive...

1. The completed registration packet (including CACFP form & Tuition Express Payment Information)
2. \$30 Registration fee
3. Deposits for weeks attending (\$25 each attending week per child)
4. Immunization records and most recent physical

...your child has a spot held for them. In addition, we will also need a NYS Blue Card filled out, which is an emergency contact card that can be picked up and filled out at Camp Fun Spot.

Q: What are your hours?

A: Summer Camp opens at 7:00am and closes at 5:45pm M-F. The main camp activities typically begin around 8:30am and end between 5:00 and 5:30pm. There are late fees if you pick up any time past 5:45pm.

Q: Do I need to pack a lunch every day?

A: No, parents only need to pack their child/children lunch on Tuesdays & Thursdays which are field trip days. **No nut products.**

Q: Can I bring peanut butter or peanut products?

A: No. We are completely peanut and tree nut free. Please do not bring any products containing peanut butter, almond butter, cashew butter, Nutella, etc. Two great alternatives are Sunflower Butter and Wow Butter. **We have children in our program that are anaphylactic so it is very important that we avoid all nut products.** Thank you for keeping everyone safe!

Q: How will I know what is being served for lunch?

A: A few weeks before summer camp begins, we provide each child with a CFS t-shirt, water bottle, and lunch/snack menu for the entire summer. We do not provide alternatives for lunch. If you see something on the menu you know your child will not eat, please pack them an alternative option.

Q: Where does drop off & pick up take place?

A: Unless raining, campers are outside under or near our pavilion from 7:00am until 8:15am. Our pavilion is located near our back parking lot. You will sign your child in using the laptop at the end of the picnic tables. Right around 8:15am, campers head inside for Roller Skating, Playground, and Ninja Course, followed by morning snack. If it is past 8:15am, please drop your camper(s) off inside, and sign in using the laptop on the glass prize counter. *If it is raining, we will be in the room next to the playground.

Q: What time should I drop my child/children off on field trip days?

A: Typically between 8:30am & 8:45am. When you pick up your child's water bottle and CFS t-shirt, we will provide you with an additional field trip list letting you know the latest drop off time so you don't miss the bus. We will also leave out a note on our camp white board located under our pavilion the day before.

Q: If my child is absent, am I still required to pay?

A: Yes. You pay for the weeks you sign up for. Please keep in mind the \$25 deposits are non-refundable. Any canceled weeks must be notified to the Director by 5:00pm on June 3rd. After this date and time, you are required to pay for all weeks that you registered for.

Q: Where and how do I sign my child in & out every day?

A: Our laptop is either located outside at the picnic tables under our pavilion, or inside on the glass prize counter. Codes will be made with the camp director, assistant director or another staff member- most often when parents pick up the t-shirt, water bottle, and menu a few weeks before camp begins.

Q: Am I required to pack sunscreen?

A: Yes, every day. Please label it and explain to your child the importance of putting it back in their backpack when they are done applying it. We recommend lotion rather than spray. They tend to get better coverage and less waste with lotion sunscreen.

Q: What do the campers do all day?

A: Our campers are busy! They take part in arts and crafts, active play, tag games, water play, science experiments, and much more! Each week has a different theme with activities related to that theme. They also get to use our Roller-Skating Rink, Indoor Playground, Ninja Course, Laser Tag, Mini-Golf, and if tall enough, our Go-Karts on Fridays! A few times throughout the summer on Wednesdays we rent inflatable water slides. We also go on two field trips a week! The field trip schedule can be found in this packet.

Q: Do I have to sign up for the whole summer?

A: No, you select the weeks you want your child/children to attend! Simply place a check mark next to the weeks you need at the end of this packet. Parents are required to pay the \$25 non-refundable deposit per week per child to hold their spot. Each deposit is taken off your balance due when that week comes.

Q: Do you offer care for only part of the week?

A: No, not for our summer camp- we offer Monday through Friday only. You are welcome to send your child part of the week rather than M-F, but you will pay the weekly rate regardless.

Q: What does it mean when there are two field trips listed on the same day?

A: When there is a field trip booked for further than 30 minutes away, half of our campers go on Tuesday, and the other half go on Thursday. The campers that stay back have a field trip come to us on site or within walking distance such as The Luxury Box or The Great Escape. Parents will receive notice of which day their child is traveling at least one day in advance.

****Please note: When we visit the Great Escape, if your child brings their Season Pass, you will receive a \$15 Fun Spot Gift Card!**

Q: What's the latest time I can drop my child off?

A: On Mondays, Wednesdays, and Fridays we ask that your child is here by 10:00am so they are included in the lunch count. If your child will be later than this due to an appointment or a prior commitment, we ask that you please call or email and let us know. Before camp starts, we will let parents know what time their child needs to be here by on Tuesdays and Thursdays to make the bus. If your child misses the bus, they cannot be left at Camp Fun Spot.

Q: If I don't want my child to attend a certain field trip, is there alternate care on site that day?

A: No. We do not have staff that stay on site. Everyone that attends that day goes on the trip. The only exception to this would be on a week where there are two trips listed each day. If you prefer your child stays back both days, that can be arranged with the director in advance.

Q: How are campers separated?

A: Our campers are separated by age. We have four different groups with 20 kids (max) in each group. **Group 1: 5 & 6-year-olds**
Group 2: 7 & 8-year-olds Group 3: 8 & 9-year-olds **Group 4: 10-12-year-olds**. *Subject to change based on ages enrolled!

EMERGENCY PREPAREDNESS PLAN:

EVACUATION PROCESS

In situations that call for a full evacuation for the center, the acting Administrator will make contact with each employee and inform them of the type of emergency.

- CODE RED Is for Center Lockdown and Shelter in Place
- CODE GREEN is for an Evacuation
- CODE BLUE is for a Lost Child

In instances where the fire alarm begins to sound, all staff are to begin the evacuation process immediately. At this time all employees are to immediately report to their designated area or classroom and begin evacuating the children. Once in the designated meeting area the Administrator will relay any pertinent information directly to the staff. If the fire alarm sounds and evacuation is not necessary, such as in instances of system checks, the Administrator will make contact with all staff prior to the scheduled test.

However, if an employee notices any emergency situation that requires an evacuation that individual is responsible for pulling the fire alarm to initiate the evacuation.

Each room will have a posted copy of that room's evacuation route blueprint. In cases requiring evacuations staff should follow the route outlined on their room's blueprint unless directed otherwise or if circumstances inhibit evacuating via that route.

The center will evacuate as follows:

Toddlers: All teachers in the room are responsible for gathering their children and leading them out of the room. When evacuations are initiated, the teachers must direct the children to exit the building using the emergency exit in their classroom. They will proceed to the furthest corner of the parking lot. If the situation inhibits the classroom from using this exit, teachers should utilize the door located in their room, go down the

hallway and out the arcade doors. Teachers should ensure they take their binder, emergency first aid kit and radio with them. Once outside of the building, the teacher will verify that each child is present and accounted for.

Ages 3 and Pre-K: All teachers in the room are responsible for gathering their children and leading them out of the room. When evacuations are initiated, the teachers must direct the children to exit the building using the emergency exit in their classroom. They will proceed to the furthest corner of the parking lot. If the situation inhibits the classroom from using this exit, teachers should utilize the door located in their room, go down the hallway and out the arcade doors. Teachers should ensure they take their binder, emergency first aid kit and radio with them. Once outside of the building, the teacher will verify that each child is present and accounted for.

School Age: When evacuations are initiated, the teachers must gather all their children and exit the building using the closest emergency exit to where they are located. They will proceed to the furthest corner of the parking lot. Teachers should ensure they take their binder, emergency first aid kit and radio with them. Once outside of the building, the teacher will verify that each child is present and accounted for.

Staff: All other staff present should immediately go to the Daycare rooms or After School Care area to assist the teachers in evacuating the children.

Administrator: Once an evacuation has commenced the administrator will immediately contact all staff and inform them of the type of emergency. However, if the fire alarms should go off, all staff should proceed according to the evacuation plan. The administrator is responsible for taking a phone, the Emergency First Aid Kit and the laptop so they have all the children's contact information and information on which children are signed into the building. Once at the designated meeting point each teacher must check their head count against sign in information to ensure all children are accounted for. The administrator will then check each class' sign in information from the office tablet and compare it to headcount outside.

In emergencies involving a fire in the building the administrator will be responsible for notifying 911 of the emergency once the building has been completely evacuated. In other emergencies not involving the presence of a fire, the administrator will notify the appropriate emergency response agencies of the emergency as soon as the building has been completely evacuated.

If called for, the administrator will utilize the information contained in the laptop to contact each child's parent/guardian regarding the emergency if pick up is necessary, detailing the pick-up location.

Each teacher is responsible for checking bathrooms, closets, and other areas where children may be hiding. It is also their responsibility to know their classes' head count at all times to ensure all children are accounted for in the event of an emergency.

Under no circumstances are the staff to stop for any of their own or children's personal belongings, including jackets, shoes, purses, etc.

DESIGNATED MEETING AREAS

When exiting the building, the designated meeting area for all classes is the furthest corner of the back parking lot.

FIRE DRILLS

Fire drills will be conducted monthly at various times of the day. Staff will be notified that a drill will occur at some point during the week. However, an exact date or time will not be specified.

At the time of the fire drill, the Administrator will sound the drill alarm and the center will be evacuated according to the above evacuation process.

The administrator will be responsible for timing the fire drill, in terms of how long it took to vacate the building. The completed fire drill will be documented on a log, specifying the date, time, and length of the drill once all children and staff have re-entered the building.

Once all children and staff have reached the designated meeting area, teachers must ensure all of their children are present and accounted for.

After all children and staff are accounted for, the Administrator will give the approval to reenter the building. At this point all staff will aid the children in returning to the building and back to their respective classrooms/areas.

All Teachers are responsible for familiarizing the children in their classrooms about the fire drill. Teachers must talk to the children in their classroom about the alarm, rules, and procedures for evacuation.

EVACUATION FROM CENTER PREMISES

In cases where it is no longer safe to remain on the center's premises, the administrator will initiate a center-wide evacuation by calling a code green over the radio. Code Green is for center evacuation. The staff and children will move as a group, from the designated meeting spot to the brewery located next to the center. The center and the brewery have agreed that in emergency situations where the centers' premises are no longer safe, the staff and children may seek refuge inside the brewery until the children are able to be picked up by parents/guardians or it is safe to return to the center.

CENTER LOCKDOWN / SHELTER IN PLACE PROCEDURES

In the event of a natural or man-made disaster or in situations where the safety of the staff and children is in question, the staff will use the following procedures to ensure the safety of all staff and children,

The administrator will initiate a center-wide lockdown, or indicate the need to shelter in place by calling a code red over the radio. Code Red is for center lockdown and shelter in place. Immediately after being notified of a center-wide lockdown or a shelter in place all staff should begin following the appropriate procedures.

In all emergency situations, the owner and administrator shall be notified and are responsible for making the decision to shelter in place. In situation where the safety of the staff and children is in question, the administrator will begin the lockdown procedure and immediately notify the owner of the situation **once** the center is secured.

LOCKDOWN PROCEDURE

When the lockdown procedure is initiated, all staff should immediately close and lock any open windows and pull down any open blinds. Doors located inside the classroom that lead to the outside should be closed and locked. Doors that are located inside the classroom that lead to the center should also be closed. Immediately after the room has been secured the teacher in the classroom will ensure that each child in their care is present and accounted for. All staff are directed to keep to keep themselves and the children away from the windows and doors until the lockdown has been lifted.

In the Pre-K classroom, the children are to sit by the wall between the exit door and the bathroom. In the toddler room, the children should sit along the wall between the bathroom and the corner behind the changing table. In the Pre-school classroom (3's), the children should sit along the closet doors in the corner. School age children will remain in their designated groups and be directed to the Camp Fun Spot rooms. In the Playground rooms, they will sit on the floor against the walls. Staff will close and lock the orange and yellow doors and shut the lights off. In the Snack Bar rooms, the children will go to the back section and sit on the floor against the walls. Staff will close the movable wall, lock the purple and blue door and shut off the lights.

If children are outside when a lockdown is initiated, staff will immediately take the children inside to their designated classrooms. The staff will then commence the lockdown procedure above to secure their classroom and then ensure that each child in their care is accounted for.

When a lockdown is commenced, the administrator will ensure the front entrance is locked and secured as well as the back door leading into the arcade. The administrator will then go to each classroom to check on the welfare of each teacher and child and ensure that each room is properly secured. If the situation prohibits the administrator from immediately checking on each classroom, the administrator will report to the office after securing the exits and check on each classroom as soon as possible.

SHELTER IN PLACE PROCEDURE

When staff are notified of the need to shelter in place, the staff will ensure that all daycare windows are closed and locked and pull down any open blinds. Doors located inside the classroom that lead into the hallway should be closed. Immediately after the room is secure, the teacher in the classroom will ensure that each child in their care is present and accounted for. School age children will be directed to sit on the skate floor. They will remain separated in their specific groups. School age staff will make sure that all children are present and accounted for.

When the center has initiated the shelter in place procedure the administrator will attempt to determine the extent of time the shelter in place will remain in effect. The administrator will make contact with the parent/guardian of each child present at the center and notify them that a shelter in place procedure has been implemented and inform them of the anticipated time in which it will be lifted. The owner and administrator shall be the primary individuals responsible for making the decision to shelter in place.

Preparations will be made in advance to ensure that enough food, water and equipment is available to sustain all children and staff for a minimum of 24 hours. In the instance that overnight stays are required, the center will accommodate all staff and children to stay overnight safely. Children will sleep on their assigned nap mats or cots with their sheets and blankets. Staff may utilize spare mats, cots and blankets.

An emergency supply of clean drinking water shall be stored in the vending machine. This drinking water should not be used to clean or wash anything as it is to be used as the sole source of fresh drinking water. Canned fruits and vegetables can be used without the need to be cooked first. However, prior to being eaten from, all cans must be wiped clean using a damp cloth. After being cleaned, an adult shall open any cans of food and aid children in eating from the can if clean dishes are unavailable. All other emergency food items can be eaten from the packaging. If a microwave is available, hot foods can be prepared in there. The center will ensure that a manual can opener is on the premises.

ACCOMMODATING CHILDREN WITH SPECIAL NEEDS

In all emergency situations the staff needs to be aware of the individual needs of all children in their care. Special accommodations shall be made and followed to ensure the safety of students with special needs during emergency situations.

CHILDREN WITH PHYSICAL LIMITATIONS

Staff shall be responsible for the children in their care during all emergency situations, including children with physical limitations. During emergency situations where all children and staff are required to leave the building and/or premises, special care shall be taken to ensure the safe transport of any child with physical limitations that may hinder their ability to exit the building or premises. Staff shall assist any ambulatory child/children out of the building using the necessary means of physical support. For any child/children who are non-ambulatory, staff will ensure

that the child/children are transported out of the center and off the premises using the appropriate equipment. For any child that is wheelchair bound, staff will assist the child out of the center and off the premises if necessary.

For any child/children who are non-ambulatory and do not have access to a wheelchair, staff will utilize any moveable equipment available (chairs, strollers etc) to evacuate the child/children from the center and premises.

CHILDREN WITH COGNITIVE LIMITATIONS

Staff shall be responsible for the children in their care during all emergency situations, including children with cognitive limitations. Special care shall be taken to ensure that any and all children with cognitive limitations are evacuated from the building/premises safely. Staff shall take into consideration the emotional needs of any child, including children with cognitive limitations. Staff shall ensure that all children are comforted during stressful situations, including emergency situations. Staff shall ensure they remain in close proximity to any child with cognitive limitations that may cause the child to leave the group or potentially go to an unsafe area.

CHRONIC ILLNESS

Staff shall ensure that all children who are chronically ill remain with their assigned staff member during emergency situations. Staff shall take the necessary precautions to ensure any chronically ill child is safely guided/transported out of the building/off the premises during emergency situations. Staff shall also ensure that any and all necessary medical equipment/medication is taken with the child when leaving the building/premises during an emergency.

LOST CHILD PROCEDURES

If a child is not accounted for at any time, the staff member responsible for the child should immediately begin searching the premises for the child. Also, the administrator should be immediately notified that a child is missing. Each area that the child could potentially hide inside and outside of the center should be searched. The administrator should double check that the child was not picked up by a parent/guardian.

The administrator will notify all staff to begin a Lockdown Procedure by calling a Code Blue. All exits will be monitored by staff letting no one in or out of the facility.

The staff member responsible for the child will call 911 since he/she will have the best knowledge of what the child was wearing that day along with distinctive features. The following information should be written down:

- Child's name, age, height, weight, date of birth, and hair color
- Child's clothing that he/she was wearing that day and any other distinguishing features
- The time at which the child was noticed missing
- If child abduction is suspected, note if there were any suspicious vehicles or persons located around the child care facility

The administrator will notify the parents/guardians of the child that the child is missing from the facility.

While the police are in route to the facility, the staff of the center will continue to search for the missing child looking in every cabinet, closet, cubby and every other location where the child may be.

The administrator will stay on the center premises at all times to be the contact person for the police department and the parents/guardians.

The police should be asked to activate Amber Alert by the facility administrator.

Print the name of each child in your household who attends this child care center.

Section A: If anyone in your household participates in the Supplemental Nutrition Assistance Program (SNAP), receives Temporary Assistance for Needy Families (TANF) or participates in the Food Distribution Program on Indian Reservations (FDPIR), complete Section A only. Write down the SNAP, TANF or FDPIR number (do not use your ACS or DSS child care subsidy number). Then sign and date the form and return it to the day care center.

Foster children: If your household includes a foster child who is in child care, write in the names of the foster children.

Section B: Complete this section if you did not complete Section A. Write in your name and the names of all other adults and children living in the household, including unrelated people, even if they do not have any income. INSTRUCTIONS FOR SPONSORS AND CENTERS

The For The Childcare Center To Complete section is to be completed, signed and dated by sponsor or center staff. The sponsor/center representative must review the income eligibility form and ensure that it is completed as indicated in the instructions above. Then indicate the following:

The CACFP Agreement Number.

Total Number of Household Members – This item does not have to be completed if the parent completed Section A. Add those indicated in Section B (if completed) to the children enrolled in child care and the number of foster children, if applicable.

Total Household Income – This item does not need to be completed if the parent completed Section A. Indicate the total monthly income as calculated from Section B. If the parent chooses not to disclose income, the form must be categorized as *paid*.

Number of Free, Reduced or Paid – Compare the total household income and the total number of household members with the current year's Income Eligibility Guidelines (CACFP-3687) to determine if the household should be categorized as **Free, Reduced or Paid**. Use the appropriate column on the CACFP-3687 to categorize their income. For example, if the parent indicated biweekly income, multiply this amount by 26 to determine yearly income.

Incomplete forms (missing signatures, income information, last four digits of Social Security Number or SNAP, TANF or FDPIR numbers) are categorized in the paid category.

The income eligibility form is valid until the last day of the month one calendar year from the date it is signed by the household member. For example, a form signed on May 12, 2023 is valid until May 31, 2024.

PARENT FAQs

We are excited to offer automatic payments through Tuition Express. It is no longer necessary for you to write a check for tuition and fees. Your bank or credit card account will be safely and securely debited by Tuition Express. You can be emailed a receipt for each transaction. It's easy to sign up – just ask us.

Frequently Asked Questions

When I pay my tuition automatically, how secure is my account information?

Very secure – more secure than when you write checks. The checks you write every day have your name, address, phone number, and sometimes your driver's license number on them. With this information, criminals have all they need to access your account or worse, steal your identity. Automatic payments greatly reduce this potential problem by limiting the amount of information available and who has access to it. Tuition Express also incorporates additional security procedures, utilizing 128-bit encryption.

What if the child care center makes a mistake and takes out too much money?

Report the error to your child care center immediately – it was most likely an honest mistake. The child care center will then adjust your account accordingly.

What if my child care center and I disagree about a payment?

If you feel that the payment should not have been made, you have the right to dispute the charge. Contact your bank or credit card company. Tuition Express and your child care provider will work closely to resolve the issue in a timely manner.

Does this form of payment give the child care center access to my account?

Nobody at the child care center has access to your account. When you sign up for Tuition Express, you only authorize your bank or credit card company to release the exact amount owed to your provider, when it is due and payable.

How will I know when a payment was taken out of my account?

Your child care expenses will be taken out of your account on a schedule that you and the child care center agree upon. Your child care center has the ability to print statements for your records, prior to the withdrawal of any money. Additionally, the charges will show up on your monthly statement as "Tuition Express".

When I sign up for Tuition Express, how will this help my child care provider?

Your child care provider has chosen to offer automatic payments for several reasons. First, it will give you the convenience of not having to write a check every time tuition and fees are due. Second, it allows regular scheduling of your payments. Most importantly, automatic payments reduce the amount of time your child care center spends on management activities, giving staff more time to spend with the children.

How do I get started?

Simply complete the "Payment Authorization" form and return it to your child care provider. They will do the rest!
